WORK EXPERIENCE

- PT Semen Padang** June – July 2024
General Warehouse & Inventory Management Unit Intern
Padang, West Sumatra, Indonesia
- Operated the SAP Logon system to manage the end-to-end processes of goods receipt and goods issuance.
 - Monitored warehouse inventory availability on a regular basis, including stocktaking, stock replenishment, material transfers, and inventory data management within the SAP system.
 - Developed layout improvement proposals to enhance the effectiveness and efficiency of warehouse operational processes.
 - Designed warehouse rack layout plans to support smooth and efficient warehouse operations.
- Product Design & Development Laboratory** January – May 2025
Laboratory Assistant
Banda Aceh, Indonesia
- Guided and trained laboratory participants in using product design software, including Autodesk Inventor, SolidWorks, and Microsoft Visio, to develop engineering design projects.
 - Instructed laboratory participants in developing product design concepts by selecting appropriate materials, optimizing production costs, and evaluating the effectiveness, efficiency, and innovativeness of product designs.
 - Evaluated product prototype projects, practicum reports, and conducted examinations to assess participants' understanding and competency in engineering design principles.

ORGANIZATION EXPERIENCE

- HMTI FT-USK (Industrial Engineering Student Association)** Feb 2024 – Feb 2025
Head of the Multimedia Division
Banda Aceh, Indonesia
- Planned and executed the strategic objectives of the Multimedia Division's work programs to ensure the successful implementation of organizational activities.
 - Coordinated division members to foster effective collaboration and ensure all activities were carried out in a structured and efficient manner.

- Assigned roles and responsibilities based on individual competencies, including publication, documentation, podcast production, and social media optimization, to maximize the division's overall performance.
- Developed and organized soft skills training programs for both division members and the general student community to support competency development in multimedia and digital media.
- Evaluated the implementation of division activities and prepared performance reports to assess the effectiveness and outcomes of each work program.

○ **HMTI FT-USK (Industrial Engineering Student Association)**
